AJ Jolly Horse Trails

Shaded trails wind along the creek, above the lake and through mature forests and across deep ravines. Trails are mostly double wide, moderate to rugged on a dirt surface with 1 brief road section. Out and back is approximately 8 miles or about a 3-hour ride.

The trail head has a shelter house, but there is no electric. A shower house with flush toilets is located nearby, but horses must remain on marked trails. Horses may be watered at the lake with caution but only within the horse parking area. There is water on the trail at the creek crossing. You may want to bring water with you. The parking area is tight for large rigs. At this time parking is very limited, especially for large rigs. Large groups should contact AJ Jolly Park to make arrangements for overflow parking. In order to record equine usage, please register each rider at the front gate.

For trail information or to see a map visit: http://ajjollypark.com or call 859-635-4423. AJ Jolly Park.

Restaurants and a convenient store are located approximately 1 mile from the park. The park Ranger Station also has many items for sale. There is fishing, golf, tennis, pickleball, disc golf, basketball, walking and bike trails, and playgrounds for those who do not ride horses.

RULES

The trails are maintained by park staff. To ensure access to the trails will continue and to help maintain a sustainable trails system, please respect park rules and the land on which you ride.

- State Law Requires a Current Negative Coggins.
- Riders are expected to pick up all manure and hay in the parking lot or in the roadway.
- Ride only on marked trails and do not ride onto private property or ride your horse to the lake.
- You may only water your horse at the lake next to the horse parking area. Water may be available at the creek crossing on the trail.
- During the dry season, you may want to bring water for your horses.
- Please do not liter.
- Please do not ride on the road unless marked.
- Please do not tie horse to trees.
- No alcohol.
- No smoking during dry conditions, and please use caution when smoking at all times.
- Protect trails. Riding during wet weather is not encouraged.
- Please park vehicles so gates, roads and parking areas are not blocked.
